# COMMODORE'S REPORT

BY STEPHEN KNIGHT

## Long Serving Members

I had the opportunity, to recognize a number of long serving members at the Club's recent Appreciation Evening. Friday, 17th March saw the Club welcome a number of our Volunteers, and Sponsors where all in attendance to help celebrate this red-carpet event.

Tom Garbin 50 years  
Ivan Andrijic 40 years  
James Buchan 40 years  
Peter Jaksic 40 years

It was great to have such a strong attendance by those invited, Hon David Scaife MLA attended the evening to help with the presentation.

I also had the opportunity to meet many of the Club volunteers and the many sponsors who attended that make life easy for members and continue to be a significant asset to the Club.

ABOVE: Appreciation Night was Friday 17th March, long serving members were awarded their badges. From left: Hon David Scaife MLA, John Andrijic on behalf of his father Ivan Andrijic, Peter Jaksic, Jim Buchan, General Manager John Tissott & Commodore Stephen Knight

On behalf of the Management Committee, I'm pleased to report that we have been successful with the outcome of our 2022 Rent Review determination. Well over 12 months ago following the review process, we appointed an independent valuer, the matter subsequently went to determination by an independent valuer.

I want to recognise the hundreds of hours of work and deliberation on behalf of my Committee, our General Manager - John Tissott and our valuer - Greg Mullins.

# GENERAL MANAGER'S REPORT

BY JOHN TISSOTT

I am looking forward to increased activity at the Club as we approach the Easter long weekend, commencement of the school holidays and importantly, demersal fishing is open during the school holidays. Please refer to the links below for further details.

Our Club is unique with our core membership of trailer boat owners using our ramp facilities on a casual basis and the remaining boat owners, storing their boats in hardstand bays or in a pen at the Club. Whilst our membership numbers are down on the previous year, the Club is trading well and financially strong and can continue to improve and add new facilities including the Pens Stage 3 Development which is currently being reviewed.

The Pens Stage 3 Development includes new pens, a new rock seawall, improvements and access to the washdown bays, additional car bays and a new landscaped area near the pens. Subject to approvals, we are planning to commence Stage 3 of the Pen Development in September 2023 with completion in January/February 2024.

We are currently preparing the Club Budget for 2023-24 and are very conscious of keeping membership subscription cost increases as low as possible following last year's increase due to inflation and an increase in our lease cost.

I am very happy to report that the Club's decision to have the three yearly market rent review for our lease determined by an independent valuer, was successful with the valuer's award consistent with our assessment of market rent. This decision has resulted in a substantial saving for the Club.

We are also introducing winter temporary hardstand storage during our quieter months from May to October. These bays are available on a prepaid monthly basis and members taking advantage of this offer will be given one months free accommodation. Please call the office to register or to obtain additional information.

Our social media campaign has been successful although our membership numbers are still less than the previous year. We are considering repeating the campaign next season including holding a "bigger and better" Open Day leading into summer with attractions and activities for both existing members and potential new members. Further details to follow.

Our staff team has settled following a number of changes and I look forward to a stable team moving forward with a lot of positive improvements at the Club.

I look forward to discussing any suggestions from members to improve our unique Club.

Enjoy your boating.

John

# VICE COMMODORE'S REPORT

BY BRENT FLETCHER

Hello All,

New Members have continued to come on board, at a pace that's not quite keeping up with attrition. Members leave for a variety of reasons, and we survey them on exit to get an understanding of why. The two most common reasons are 'sold boat, or 'moving away'.

You've probably seen our advertising on Facebook, which is the front of a campaign to maintain membership at serviceable levels. We appreciate that interest rates and inflation are real concerns for most of our membership and we continue to endeavour to bring you value for money. You can help in that proposition by taking the time to get involved in club events or functions, most of which are run at little or no cost.

You can also make the most of some of our clubs features that are available to you. One of those features, which is apparently little known and definitely under utilised are the Club moorings at Garden Island. The Club has 3 moorings, in Pig Trough Bay, which members can use free of charge, for up to 7 days in any 3-month period.

If you haven't been across there, it's a great little spot with a nice sandy beach and some spots for snorkelling to the North. The moorings are pretty close in, and a dirt track leads to BBQ's, picnic tables and toilets. If that sounds like the perfect weekend or week getaway for you, get in touch with the office and ask for the 'Right of Use Card'. Obviously, there are only 3, so make sure you plan ahead.

Lastly, just a follow up on the VIP Rules for our new Probationary Members. If you are getting near to 12 months of membership and are yet to complete all your volunteering efforts, please contact the Club to discuss a way forward. If you've completed your VIP card, please return it to the office so we can upgrade you to Full Membership. I hope to see you all around the Club.

BELOW: Pig Trough Bay at Garden Island

# WORKS & GROUNDS REPORT

BY DON BEISLEY - 1ST REAR COMMODORE

Hello Members.

Over the past months the Busy Bees have been supported by our regular attendees and the New Probationary Members joining in as well. The Busy Bees are a great way to achieve your three Club events on your VIP card to qualify to become a Full Member.

It was great seeing one of our regulars Kevin Hughes come down to the February Busy Bee to say hi to everyone. Kevin has recently had major surgery and we wish you a full recovery Kevin.

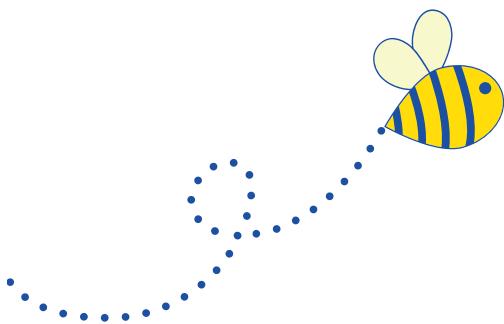

During the months many tasks have been completed such as the regular mowing of the lawns, weeding of the gardens, removal of the beach sand blowing into our carpark area from the strong winds, washing down of the electric fence, washing and cleaning of the Club windows, washing and scrubbing the paved area under the Club House, plus many other projects.

Participating in the Busy Bees provides an opportunity to meet fellow members while having some fun. Once a month at 8:30am on the second Saturday the Busy Bee starts and goes for two-three hours followed by a light morning tea. We meet in the BBQ area next to Louise's Bar.

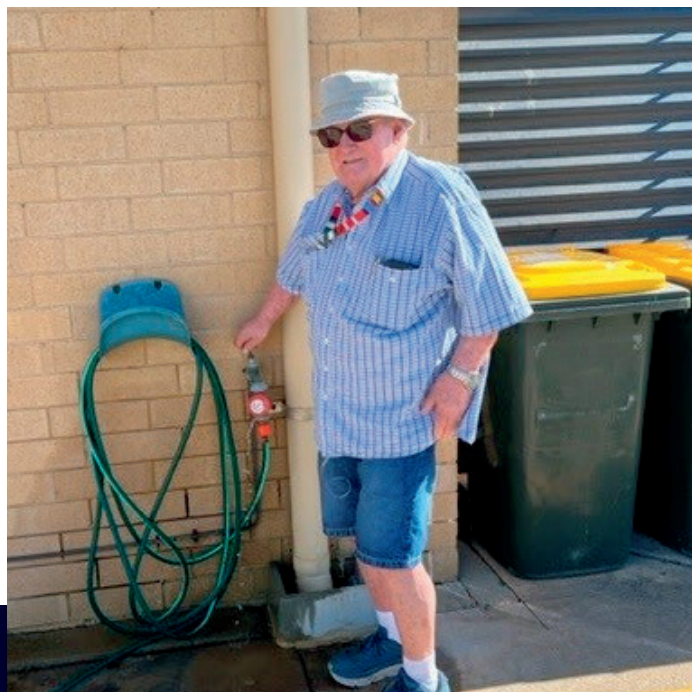

All members are welcome and appreciated, as many hands make light work while meeting new friends and having some fun.

To join in please contact the office on 9418 5868 and register for the upcoming Busy Bee on April 15th.

If you forget to register don't worry, come down and join in. If you're a Probationary Member, please bring along your VIP card for signing. Come on down, and have some fun while making a difference.

RIGHT: Member Kevin Hughes volunteering at the February Busy Bee

# WORKS & GROUNDS REPORT CONTINUES...

BY DON BEISLEY - 1ST REAR COMMODORE

## February & March Busy Bee's

The weather was pleasant for both Busy Bees. The attendees over the two days were George Tofts, Kevin Hughes, Kevin Armstrong, Ted Browser, Michael Crawse, Kevin Murphy, Tim Craddock, Bob Kelly, John Adlam, Les Whiddett, Craig Hepburn, Josh Mutch, Gavin Lehmann, Andy Lulich, Roy Richardson, Bill Davey, and Stacey Beisley.

The Busy Bee Teams achieved a lot with their efforts including.

- Lawns were cut under the gazebo.
- Edges and high grass were whipper snipped down.
- Garden beds at the front of the Club were weeded, hoed and watered.
- Weeds were removed inside the boundary fence line.
- A length of rail line was cut and removed.
- A fair amount of sand was removed from the parking area.
- Weeds were sprayed and hoed out of the paving areas.
- Part of the external fence was washed down to remove sand and salt; this is an ongoing task to complete.
- Electric fencing was washed down.

The electric fence had a major wash down with a team of 5 Members utilising a high-pressure cleaner. The pressure sprayer enabled the team to remove a build-up of grit and salt. The high-pressure cleaner was on loan from Member Clinton John, thank you for your support Clinton, it was appreciated. Thank you also to Kevin Armstrong for supplying the grinder and removing the rail line, which was a hazard in the trailer boat compound.

Thank you to Ross, who was away in March on some well-deserved leave, but who organised our tools for the Busy Bee prior to leaving.

Thank you to Stacey Beisley for cooking and preparing the morning tea. It was appreciated by everyone.

# FISHING GROUP

BY TIM CARSON - 2ND REAR COMMODORE

Fishing activity has been relatively quiet over the last few months but the current ban period is finishing at the end of March. But it's still been great to see the filleting table has had a wide variety of fish across it.

There has been a steady flow of the regulars like King George, Sand Whiting and Squid as well as a number of pelagics like Tuna and Wahoo which have seen an increase in activity since our CPB information night.

Entries continue to come in for our monthly fishing competition and prize draws. (Entry via the TMF Tournaments App)

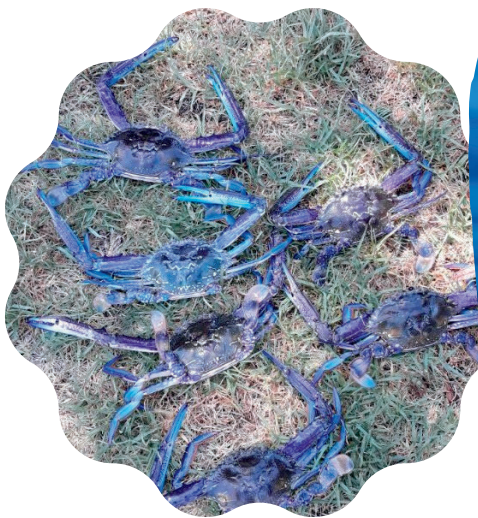

**So far we have given away \$50 AFW prizes as per below:**

December - Roy Richardson

January - Roy Richardson, Cara Taheny, Michael Bowen

February - Damien Wham, Ashleigh Wham, Clint John

March - Matt Hodgkinson, Aiden Humphries & Alejandro Gonzales

Make sure to get your entries in for the monthly draw as there are also prizes for the largest of a number of species at the end of the year and with the demersal season opening on 1st April there should be plenty of fish to submit.

If you have any questions regarding the app or you need a hand setting it up or using it please let us know and we will assist. We will also have someone at the club bar on the 2nd April to help if required.

All the best to everyone and tight lines!

Tim & Peter

# TREASURER'S REPORT

BY RHYSS WHITTRED

Our Club continues to remain in a strong financial position. We currently are just shy of \$400k in bank deposits and our loan facility of \$520k has only a minimal \$3.8k drawdown. Our financial result to date provides a surplus of \$103k with a budget shortfall of \$17k. February's notable variances are:

## Positive contribution:

•Salaries/wages	\$2k below budget
•Interest on loan	\$3k below budget
•Rent	\$2k below budget
•Depreciation	\$5k below budget

## Negative contributions:

•Pen Fees	\$10k below budget
•Marketing & advertising	\$5k above budget

Our major capital expenditure project - Stage 3 of the Pen Development, along with beautifying/ bituminising down at the ramps has been delayed due to planning approvals and the price rises associated with this project. March/April is the time of year where your Management Committee sits down and considers a budget for the coming financial year. The final approved budget will determine our Club's capital expenditure program, repairs/maintenance, wages and what's on the wish list.

The Committee is aware of the proposed increases in our land and seabed leases and consumer price index figures and will consider all these factors before finalizing the budget. The Committee is always committed to delivering membership value and will be looking at keeping fees and charges as low as possible whilst maintaining the effective operation of the Club and continued improvement and maintenance of our facilities.

This is a great opportunity for members to let the Committee or General Manager, John Tissott know of any items, projects or work that needs to be considered at the budget discussions.

The West Coast demersal ban will be lifted 1st April. So good luck and tight lines for those of you heading out targeting some tasty fillets.

Rhyss.

# CORPORATE SPONSORSHIP REPORT

BY RHYSS WHITTRED

## MARCH 2023

The Club's sponsorship vision and strategy is focused on providing three categories of sponsorship, linked to a financial commitment ensuring current and prospective sponsors find a package that best suits them. With our varied and attractive packages delivering variety and flexibility, we have attracted sponsors ranging from smaller family businesses to large corporate companies. We encourage our sponsors to be active and experience the excitement of our Club. If any Club members wish to become a sponsor or have a lead for me to follow up for potential sponsorship, feel free to contact me. Here is a snapshot of your Club's sponsorship statistics.

## February 2023 YTD

Budget	\$21,500
Actual	\$21,527
Gold sponsors	6
Silver sponsors	4
Club sponsors	11

I urge you all to continue to promote and use our sponsors listed below and make sure you let them know you are a Cockburn Power Boats Club member. All our sponsors offer discounts exclusively for our members. So another good reason to go visit any of them!

# ADMIN UPDATE

CINDY CIVELLO - OFFICE ADMINISTRATION/RECEPTION

Hello Members,

Having been back at the Club for 3 months now, it has been an absolute pleasure catching up with Members and the warm “welcome back” comments passed on.

## MEMBERSHIP RENEWALS

Please note Membership renewals will be emailed on 18th & 19th May. We will keep you updated closer to the time. Members without email will receive their renewals in the mail.

## CLUB RAFFLE - DRAWN 12TH APRIL

The Club raffle is coming to a close! Have you returned ticket stubs and payment, or unsold tickets? **These must be received no later than 5th April, and good luck if you are in the draw!**

Please welcome to all our new Members that have joined since the last edition.

# HOSPITALITY UPDATE

SERENA ELDRID - FUNCTIONS COORDINATOR

## So, What's been Happening?

For those who I have not had the pleasure of meeting yet, I'm Serena the new Functions Coordinator. The past few months have been busy getting new systems and processes in place. We have seen several enquiries coming through and with a new package in place we are locking in more functions. Many hours have gone into revamping our functions department and it's great seeing it all start to fall into place. I would also like to welcome Paige, who is joining our hospitality team.

Since the last Sea's the Day Newsletter we have had a few functions. Some of the highlights include member Bob Kelly's 80th birthday, member Steve Imgrund and Stacy's son, Bailey's 18th and our annual Appreciation Night.

The Appreciation Night was held on the Friday 17th March and was a wonderful evening. The music was great, food delicious and the drinks kept coming. Thank you to all who attended to make the night a success.

RIGHT: Bob Kelly & Family.  
BELOW: Appreciation Night

## Upcoming Events

The BBQ Masterclass's continue to be held at the Club and as expected the next one on the 1st of April is sold out. Who can resist all that delicious food, and you get to learn how to make it yourself! Make sure to get in quick when the next dates are released.

Our first wedding for the year is coming up on Saturday the 15th April.

Congratulations to members' Andrew and Robyn in advance. We can't wait to make your day one to remember.

We are continuing to secure bookings and are already locking in functions for next year and did you know all existing members receive a 20% discount on room hire fees. So why not book your next function with us!

# HOSPITALITY UPDATE CONTINUES

SERENA ELDRID - FUNCTIONS COORDINATOR

**Who's ready to indulge in chocolate? I know I am.**

Easter is right around the corner, talk about time flying by. Our members bar will be open the Saturday and Sunday over the break. We will be having a Free raffle and Easter egg hunt on the Sunday 9th April. For the little ones the hunt will start at 3pm. For the raffle, with every drink purchased you will receive a raffle ticket and at 4:45pm the raffle will be drawn to win some Easter goodies. We can't wait to see you all there.

Regards,  
Serena

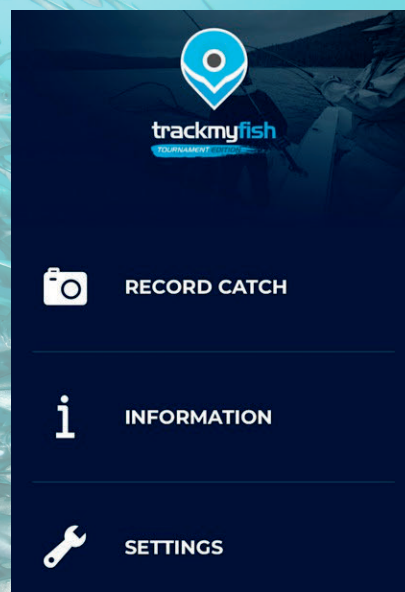

## MONTHLY FISHING COMPETITION

Get involved in the club's fishing competition and then come on down to the Members Bar the first Sunday of each month for the awards. Just download the "Track My Fish for Tournaments" app from the App Store or Google Play and then start catching fish and uploading your photos for your chance to win!

Got any questions?

Contact Tim Carson on 0429 676 237

# WESTPORT & COCKBURN SOUND HARBOUR UPDATE

BY MALCOLM TULL - COMMITTEE

## Update on WAMSI's Recreational Fishing Survey

Recently, I met with Matt Navaro and two of his research team at UWA who kindly agreed to give me a progress report on the recreational fishing survey.

Sampling started in early January 2023 and will continue until the end of April. The surveying is done at 8 boat ramps in Cockburn Sound. By the end of February about 150 surveys had been completed, but the target is at least 400. In addition, they have started shore surveys.

A few fishers have refused to participate and those that have refused usually say it is due to a lack of time.

The results have not yet been fully analysed but their general impression is that most people lack detailed knowledge about Westport. Participants have expressed concern about the impact of Westport on:

1. Pollution
2. Dredging
3. Ship activity
4. Access points to the water

The sentiment towards Westport covers the spectrum of supportive, unsure, neutral and against. An interesting preliminary finding is that while they value the Sound, many fishers and boaters appear to be using it only to transit to offshore areas so are not so concerned about its condition.

The team will produce an Interim Report in June and a final report in September.

Malcolm Tull,  
Harbour Issues Committee Member

# COMMITTEE REPORT

BY PAUL CHATTERLEY

I was delighted to be elected as a committee member at the last AGM, having been a member of the club since 2017. I have been given the Fire, Safety and Environmental portfolios as part of my Club duties, which I hope I can improve, bringing the Club more up to date with issues that may make us more environmentally friendly.

**Environment** - As a start we are looking at installing recycling bins at the club, so that members can deposit their plastic, glass bottles and aluminium cans, rather than add them to the waste bins. They will then be taken and recycled as part of the program. Once they are in place, the Club will advise members as to their location and thus starting our improvement in making the Club more environmentally aware.

Moving further forward, it is hoped that in the near future we will look to install solar, so that we can become more energy efficient and supportive of the worlds reduction in emissions. The environmental program is a gradual process moving forward and I welcome any suggestions or ideas from Club members as to how we can improve.

**Fire & Safety** - I am very fortunate to have the support of Rod Bonser and Bill Woodthorpe who conduct all the vessel checks at the Club. They do a fantastic job and ensure that not only the Club, but also the boat owners have the safest facilities. The Fire and Safety around the Club is currently under review, so that we can ensure the safety of all our members and there assets. I will bring you up to date with any details soon.

Thank you,  
Paul

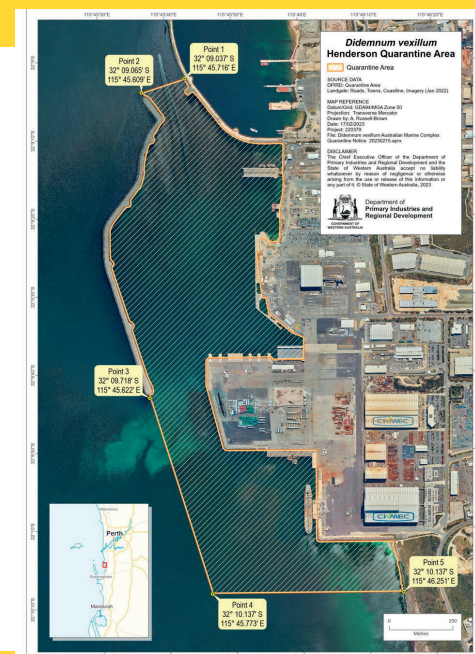

## Marine Pest spotted at Henderson

The Department of Primary Industries and Regional Development (DPIRD) has issued a Quarantine Area Notice to prevent the spread of Carpet Sea Squirt (*Didemnum vexillum*) detected at a Henderson marine facility. We have included some information for boat owners on our CPB website here;

<https://cpb.org.au/2593-2/>

The link to the Department of Primary Industries and Regional Development (DPIRD) notice is here;

<https://www.fish.wa.gov.au/About-Us/Media-releases/Pages/Quarantine-protocols-help-contain-marine-pest-.aspx>

## Old Fish Photos - Perth

*Do you have images of fish caught in the past?  
Can you spare an hour to talk about them?*

Images of recreational fish catches provide baseline information that improves understanding of how the marine environment has changed across time.

*Participants are sought for a new study by UWA researchers. To join in, call/text 0427 932 642 or email: [joseph.christensen@uwa.edu.au](mailto:joseph.christensen@uwa.edu.au).*
